

FAIRFAX COUNTY POLICE DEPARTMENT

ACTIVITY REPORT

MAY 14, 2010

ACTIVITIES REPORTED THROUGH MAY 12, 2010

PUBLIC INFORMATION OFFICE -- 703-246-2253

There are three sections in this report: Section I: MAJOR INCIDENTS; Section II: PROPERTY CRIMES; and, Section III: ANIMAL RELATED INCIDENTS. Sections are appropriately identified. Within the sections, incidents are organized by station, then by type of offense. They are listed alphabetically by street address.

Addresses shown indicate blocks and not specific locations. Thus an entry showing Chain Bridge Road 4100 would mean the 4100 *block* of Chain Bridge Road, not the address 4100 Chain Bridge Road.

An asterisk (*) before an item indicates that a news release was distributed on that offense.

Section I: MAJOR INCIDENTS

COUNTYWIDE

***MOTORCYCLE SAFETY AWARENESS:** In 2009, there were 79 motorcyclists killed on Virginia roadways; three of those fatal crashes were in Fairfax County. So far in 2010, two motorcyclists have lost their lives in Fairfax County. With the advent of warmer weather, and in observance of Motorcycle Safety Awareness month, the Fairfax County Police Department urges all motorists to be aware of all those they share the road with, including their two-wheeled roadway neighbors. Motorcycles are popular statewide for both recreation and basic transportation. To prevent crashes, motorists need to share the road and watch for motorcycles in traffic, especially at intersections and while making turns or lane changes. Education and training continue to be our most important tools for improving motorcycle safety. Riding a motorcycle is vastly different than driving a car or truck. To improve their safe driving skills, motorcycle riders, especially those who have not ridden for many years, should consider taking a motorcycle safety course. The Fairfax County Police Department's Traffic Safety Division would like to take this opportunity to enhance motorcycle riders' awareness by providing a few safety tips:

Be Visible:

- Remember that motorists often have trouble seeing motorcycles.
- Make sure your headlight works and is on day and night.
- Use reflective strips or decals on your clothing and on your motorcycle.
- Be aware of car and truck blind spots.

Dress for Safety:

- Wear a quality, DOT approved, helmet and eye protection.
- Wear bright clothing and a light-colored helmet.
- Wear leather or other thick, protective clothing.
- Choose long sleeves and pants, over-the-ankle boots, and gloves.

Know your bike and how to use it:

- Get formal training and take refresher courses.
- Call the Motorcycle Safety Foundation at 800-446-9227 to find a hands-on safety course.

Ride Straight:

- Having any alcohol in one's body increases the chance of crashing by five times.
- You are 40 times more likely to crash with a Blood Alcohol Content greater than 0.05 percent.
- 46 percent of all motorcyclists killed in crashes were using alcohol.

Remember: Give yourself space. People driving cars often just do not see motorcycles. Even when drivers do see you, chances are they have never been on a motorcycle and cannot properly judge your speed. For more information, visit the National Highway Traffic Safety Administration at www.nhtsa.gov

On Saturday, May 8 around 11:42 p.m., two males approached a 26-year-old man in the area of Cattail Lane and Summer Pond Drive; one of them pointed a gun at him and demanded money. The victim refused and the suspects fled without taking anything. Minutes later, around 11:44 p.m., police responded to a robbery in the 14300 block of Summer Tree Road, just up the street from the earlier incident. A 28-year-old man was approached by two males as he exited his vehicle. Again, one of the suspects pointed a gun at him and demanded money. When the victim refused, the suspect took his cell phone and both suspects fled toward Ridge Pond Drive.

One suspect in the first case was described as white or Hispanic, about 19 years old. He was between 5 feet 7 inches and 5 feet 8 inches tall and 195 to 200 pounds, wearing a gray and black hoodie with horizontal stripes.
